TIP:

DO NOT, cash out any of these money!

Once you reach 200 referrals, stop renting anymore refferals and maintain them instead. That means recycle the bad clickers and keep an average of 2 at least.

Build your money to about 70 Dollars, and then upgrade your account to “Golden”.

Once you get Golden membership, keep renting more refferals and maintain them.

Once you hit 800-1000 referrals, you can stop renting refferals and just maintain them and start to cash out your money.
